

### **Group A&B Instructions to register for assigned sessions**

By now, your coach(es) should have reached out to inform you which sessions you have been assigned for the upcoming 2020/21 Season. Session rosters have been input into our system and you will receive an email from Silver Blades in the coming days advising that the spot(s) is/are available for registration and payment. You may receive multiple emails, if you have multiple skaters and/or have been assigned to multiple sessions.

### **Please follow these simple steps to get your skater registered:**

- Click on the link you receive in the email. It will connect you directly to the registration page and give you the ability to register for all your sessions. Note that you will be required to log in at that time. Please be prepared to confirm your information and payment upon clicking on that link.
- **If a skater does not confirm registration for the sessions by paying within 4 days, the spot will be reassigned to another skater. Also note that if you click on register but do not pay for 24 hours, your spot will be released.**
- If your skater is not assigned to the correct session(s), please contact your coach immediately.
- If your skater has multiple accounts in our system, you may have difficulty registering. If this is the case, please contact [info@silverblades.ca](mailto:info@silverblades.ca)

### **Pricing & Payment Plan**

Due to the volume of skaters registering, we were able to slightly reduce the pricing for the sessions from what was reflected in our previous communication. Unfortunately, we still can't offer multi-session discounts due to our overall limited capacity. Additionally, we have changed the instalment payment term for the sessions such that 40% is payable upon registering, 30% is due on December 1, 2020 and 30% is due on February 1, 2021. Family membership fee (\$50 per family), test fee (\$20 per skater) and Skate Canada fee (if not already paid) are all due upon registering.

### **Volunteer Fee**

Silver Blades is a volunteer-run club with over 500 members, and your involvement is critical to our success! This season, the volunteer commitment per family for Group A & B is 10 hours or a fee of \$200. The volunteer fee deposit of \$200 will be applied to your account upon registration. This fee will NOT be charged to your account if your family completes 10 hours by March 31, 2021.

Further, to continue to allow spectators at all of our sessions, we have **an immediate need for volunteers for *Entry Booth Attendants*** to sign-in and verify COVID screening for skaters and parent spectator upon entering the arena for their scheduled session. Click here to get a head start on volunteer hours while helping to keep our COVID protocols in place.

Again, thank you for your patience. Our volunteers and coaches have worked tirelessly to set the 2020/21 Season up for success.

Can't wait to see the skaters back on the ice!

The Silver Blades Board
